Demon	5	48"		
RailBlazer	5	48"		

*See ride for additional restrictions.

RIDE RATING SYSTEM

To better assist you in choosing attractions you wish to experience, each of our rides has been rated according to the following system. Ratings are based on the intensity, speed and directional changes of each individual ride. The attraction's rating can be found on the rides safety guide sign at the entrance of each ride. Please be aware of the recommendations and restrictions for any attraction you choose to ride. **For further information, Guest Assistance Guides are available in Town Hall.**

1 Green Circle: Low Thrill

Rides that are generally calm and gentle in nature.

2 Blue Square: Mild Thrill

Rides that generally have low speeds with gentle motion and braking. Rides have smooth transitions with some changes in elevation and speed.

3 Yellow Triangle: Moderate Thrill

Rides that generally have low to medium speeds and/or heights with moderate motion and braking. Riders may encounter unexpected changes in direction and/or speed during portions of the ride.

4 Black Diamond: High Thrill

Rides that generally have medium to high speeds and/or heights with moderate to rapid braking. Riders may encounter unexpected changes in speed, direction and/or elevation.

5 Black Double Diamond: Aggressive Thrill

Rides that generally have one or more of the following: high speeds and/or heights, aggressive and unexpected forces, and rapid directional or elevation change. Riders will encounter many unexpected rapid changes in speed, direction and/or elevation.

RIDER SAFETY REQUIREMENTS

Based on rider height, some rides may require a guest to be accompanied by a **SUPERVISING COMPANION** to ride. A Supervising Companion is someone who meets all the requirements to ride the ride themselves, is 14 years of age or older and demonstrates appropriate behavior. Supervising Companions are responsible for ensuring that the guest remains seated properly – where applicable – and follows all rules and regulations.

— WARNING —

Many rides at Great America are dynamic and thrilling. There are inherent risks in riding any amusement ride. For your protection, each ride is rated for its special features, such as high speed, steep drops, sharp turns or other dynamic forces. In you choose to ride, you accept all of these risks. Restrictions for guests of larger size (height or weight) are posted at certain rides. Guests with disabilities should refer to our Ride Admission Policy available at Town Hall. Participate responsibly. You should be in good health to ride safely. You know your physical conditions and limitations, Great America does not. If you suspect your health could be at risk for any reason, or you could aggravate a pre-existing condition of any kind, DO NOT RIDE!
