

2019 Kings Island Group Parking Information

Kings Island Parking

- When arriving at Kings Island, please proceed to the toll booth.
- Parking is free for full-size buses with 15 or more passengers (not including the bus driver).
- Buses will be directed by a parking Attendant to park in the bus lot, located near the main Kings Island entrance. At times the bus lot can fill up; in this case the buses will be directed to a section in the main lot.
- If the bus is merely dropping off your group and not staying in the lot all day, your bus will need to park where buses are being directed to park at that time, unload and then leave.
- Encourage your group to take note of where the bus is parked so they may find the bus at the end of their visit.

Bus Driver Admission

At the Kings Island toll booth, the bus driver will receive a receipt for parking that can be shown at Guest Services for one bus driver courtesy admission ticket. The original toll booth receipt and a valid CDL are required. Only one bus driver ticket per bus is issued and is only valid on the day the bus arrives (date on the receipt).
