

# AUTISM AWARENESS WEEK

Worlds of Fun

## WELCOME!

I want to take this opportunity to thank Cedar Fair for their partnership and their dedication to making the experience in all of their parks an inclusive and fun experience for everyone who attends. Their dedication to this inclusive experience is a bold statement and a wonderful example of a company that truly cares about their customers. I applaud them as a father of sons on the autism spectrum and as an executive of The Autism Society of America.
